We have reached at the pinnacle of success in the industry due to best quality at lowest price.

To maintain the quality of our products, we are using latest technologies and excellent quality raw material which is being procured directly from the reputed manufacturers.

## OUR MISSION :

**WE INTEND TO LEAVE THE PLANET BETTER THEN WE FOUND IT.**

Look, there is no easy way to say this. Every time we clean our homes, we dirty our planet. Our lakes, staams, river, and ultimately our oceans are getting more poisonous by the day. we could go on and talk about everything that's killing the earth.

About how the toxic chemicals in everyday products don't just ruin our lands and waters, but our health too, Or, we could do something about it.

Underlying are the major factors of our unbeatable and incomparable position in the market.

Dedicated & committed team of professionals.

Reasonable prices.

Ethical business practices.

Wide distribution network.

Flexible payment modes.

## INFRASTRUCTURE & TEAM

The Company has a team a highly experienced staff with decades of experience in their respective fields.

With the support of our mentors, we have been able to sustain ourselves as an eminent company in this hard competing market. They enlightened the path of our workforce with their futuristic and visionary approach.

## DESCRIPTION OF USE

Glass cleansers are typically spray and wipe type of solvents that can be used on a variety of surfaces, including glass, laminates, dashboard, appliances and painted surfaces.

# CAR WASH

- PH balanced
- Try washing your car under shade always
- If the dirt is too tough, just pour some undiluted shampoo on it
- Car wash gently loosens surface dirt without hampering the surface sheen.
- Since it's concentrated just 5 ml in 4 litres of water is sufficient for effective washing.
- Does not harm car's protective polish or finish, restoring the shine.
- Car wash is phosphate free, does not contribute to algae growth in lakes, rivers and streams.

## HAND WASH

- Clear~ol protect your hands with germs and fall in love with the softness!
- Press nozzle gently to get liquid hand wash on to wet hands
- Rub your hands together to make rich lather
- Rinse off well for germ-free & soft hands.
